

Pozniak Safety Associates Inc. & The Safety Solutions Group (Australia)

Presents a 2 Day Workshop

LET ME ENTERTAIN YOU! **The Key to Designing & Delivering Effective Safety Presentations**

The safety profession deals with a very important topic, which is, primarily, about saving lives.

Safety presentations have gained a poor reputation because of the way they have been presented & the lack of entertainment value.

Anyone who sets out to present, persuade, and propel with the spoken word would benefit from this workshop.

You will take away:

- 2 full days of entertaining information that you can use back at your workplace.
- The Participants work-book complete with Exercises/Checklists/Forms and a range of “Actions” to take back with you.
- CD with the facilitators notes, handouts & the PowerPoint presentation so that you can deliver some or all of this Workshop within your workplace.

This workshop can be customised to meet the specific needs of your organization and can be conducted on your site or at a venue of your choice.

**With International Speakers & Safety Professionals
Eldeen Pozniak and Paul Pascoe**

The Key to Designing & Delivering Effective Safety Presentations

Workshop Description

Benefits

Anyone who sets out to present, persuade, and propel with the spoken word faces many pitfalls. The bottom line is that busy people have no time to waste. A disorganised and rambling presentation will make them feel cheated and angry.

If presenters are guilty of being a little disorganised – it is crucial they attend and follow this workshop – because they will discover the key elements that are needed to consider when developing and creating an effective safety presentation.

This workshop is based upon more than 25 years experience speaking and learning. It is also based upon research we have conducted from around the world from so many different resources and we have compressed this research into this two day dynamic program.

There are few things more rewarding than conducting an enjoyable presentation on a subject that inspires people to improve.

Outcomes

In this entertaining and educational presentation the audience will discover and learn:

- More about the special needs of their audiences
- A new and different system of presentation design which has been refined over many years which delivers the balance between method and content.
- Methods of evaluating your presentation design
- A range of presentation techniques and applications

The model is simple, easy to follow and will give presenters a way of designing presentations that make them focus on how to present the content and to think about ways of entertaining their audiences as well as instructing them.

In this **highly entertaining** presentation the audience will discover and learn a selection of the best presentation techniques for anyone who wants to speak professionally, escape their fear, and speak with confidence. Techniques that will push ANY presenter, speaker, or trainer to the next level whether they are a total novice or a seasoned pro are presented in an interactive manner.

When these techniques are used and applied, the presenter is free to focus on the message and the audience, making the presenter a more dynamic, powerful, and persuasive and entertaining communicator.

Workshop Presenters

Eldeen E. Pozniak BA, BSc, CEES, CHSC, CHSMSA, CRSP

Eldeen, a Canadian Register Safety Professional (CRSP), a Certified Health and Safety Consultant (CHSC), and a Certified Health and Safety Management System Auditor (CHSMSA), has a diverse educational background. She has attained both a Bachelor of Arts Degree and a Bachelor of Science Degree at the University of Saskatchewan. Eldeen has completed her Ergonomics Professional Residency Program.

Eldeen is committed to Occupational Health, Safety Concepts and Standards. Eldeen's commitment is demonstrated by her involvement as an advisor and consultant to various industries and Occupational Health and Safety Committees, as well as Government OH&S Capacity Strategic Planning Committees, and as a seasonal lecturer at regional colleges.

It is also shown through her numerous memberships and positions in safety and health related associations such as with the Saskatchewan Safety Council (Industrial Safety Conference Committee), the Canadian Society of Safety Engineering (2006 – President; 2004-2006 - Treasurer/V.P./President elect), and Minerva (Board Member).

Paul Pascoe of Professional Safety Solutions (Australia)

Paul is a very experienced provider of health and safety training, OHS consultancy services and a Professional Presenter.

He has built a successful career on his knowledge and experience spanning over 25 years in this field and has provided these services to business, industry and government across Australia and South East Asia, China and India.

Paul is a:

- Chartered Professional Member of the Safety Institute of Australia
- International Member of the American Society of Safety Engineers.
- Member Canadian Society Safety Engineering

He combines his safety knowledge and experiences with presentation techniques he has learnt from around the world over many years to deliver highly entertaining and dynamic programs.
