

Pozniak Safety Associates Inc.

Occupational Health & Safety

“When Your Talents & Knowledge,...
& the Worlds Needs Cross,...
There Lies Your Vocation”
Aristotle

To Seek the Right Balance of System & Culture,
thereby Creating Business Sustainability & Preventing
all types of Loss, while Respecting Human Life.

Pozniak Safety Associates Inc. Working In Partnership

Pozniak Safety Associates Inc. specializes in assisting corporations, industry & government to create viable & sustainable business through client specific & value added Occupational Health & Safety Management Systems and Business Support.

No matter what safety & health challenges you & your company face, whether one time only advice or a full range of services, Pozniak Safety Associates Inc., is ready to work in **partnership** with you to **assess your needs, evaluate options, develop solutions & assist you** to fulfill your companies vision and objectives.

We will work to facilitate & support you in your movement toward a world class safety management system & total safety culture.

Commitment:

- To work in partnership, to assist in performing critical strategic reviews & modifications of existing safety management systems & utilizing principles for total safety culture;
- Providing independent, unbiased assessments of workplaces, giving an objective view of workplace hazards, risks, controls, & programs;
- Our commitment has resulted in repeat business, referrals, & long term relationships with many clients around the world.

Experience & Expertise:

- A multi-disciplined team & network of highly qualified, knowledgeable, skilled and experienced professionals;
- Having foundations in SHE management strategies & tools, based on leading edge research;
- Integration of technical expertise & experience with your business needs, providing practical & effective consultation;
- The ability to effectively communicate SHE issues to all.

Client Specific:

- Working to have a detailed understanding of & approach to client needs;
- Tailoring strategies & tools to meet the needs of individual organizations requirements through a structured approaches with clear deliverables that are pragmatic & sustainable.

Health & Safety Compliance & Performance Audits, Limited Scope Reviews or Gap Analysis

- Analysis & provision of information to assist your decisions on the scope, adequacy & implementation of your current health & safety performance.
- A systematic examination of management processes, conducted to internationally recognized standards which include documentation review, observation / inspection & interviews.
- Identification of strengths & opportunities for improvement with prioritized options considering aspects of the safety management system strategic & action plan, development, organization, administration, & program component inclusion.

Occupational Health & Safety Management System Consultation & Development:

- Tailored advice & appropriate assistance to meet the needs of the client, based on understanding of the workplace, culture, & OH&S Management Systems.
- Collaboratively work with you to provide & assist with the development & implementation of your safety management system & its specific program components.

Safety Perception Surveys:

- Perception surveys are a better predictor of safety performance than any other method of measurement practiced in industry today, & can offer a company valuable information & insight, which provides opportunities for improvement.

knowledge

“Our employees have been extremely impressed with PSAI, specifically their knowledge, sense of humor and ability to communicate with all levels of the organization from Management to Laborer. Their enthusiasm and passion for Safety is contagious.”
-Enbridge

“PSAI’s business in the area of Occupational Health and Safety is one of the most dynamic and ground breaking in all my years of history in my industry. They inspire all that they come in contact with and have moved our safety approaches, in quantum leaps.”
- Campbell Mine

“I just wanted to let you know that I was lucky enough to sit in on your presentation,... To me it was the highlight of the seminar. Keep up the great work.
- comment from the Industrial Safety Seminar

“Suffice it to say that we are satisfied in every respect with the service, personable nature, direct comments, experience and guidance we received. We have no hesitation whatsoever in commending Pozniak Safety Associates on the quality of their organization. The service was prompt, correct, with added value at every turn.”
-EECOL Electric

“PSAI offers a full spectrum of safety consulting services in competent, efficient and congenial manner. PSAI is fully capable of assisting your organization.”
- Sask Power
